**About the College**

Asansol Girls' College was established in 1950 and since then it has been recognized as one of the prestigious institute of Asansol. Dr. Anjali Roy, former Principal of the College cited a pathway of great improvement of the institute which is magnificent asset of the college. The institute is dedicated to cater quality education to the female population of the coal area to develop the women empowerment in last 70 glorious years. Under the guidance of present Vice Principal Dr. Sandip Kr. Ghatak, the team of Asansol Girls' College achieved the 'A' grade under NAAC assessment in the year 2016.

At present the institute is offering UG courses in 20 different disciplines (both Honours & Program) and PG course under CBCS system, also involve students in other co-curricular activities with special mention of NCC & NSS and is affiliated to Kazi Nazrul University. The Team Asansol Girls' College under the guidance and advice of Vice Principal, IQAC and Governing Body is continuously imparting the holistic education among its students and thus enriching society.

## About the Webinar

World Health Organization (WHO) announced COVID-19 as Pandemic in March 2020. In the current scenario of novel corona outbreak every person irrespective of age, sex, religion, cultural, geographical location are at risk to be infected and subsequent disorders as per their individual condition. Due to absence of proven treatment & in order to improve immunization status, desirable lifestyle adaptation with special reference to Nutrition & Diet are the key points in term of modifications of lifestyles. Nutrition & Diet are very important parameters in improving & boosting up immunity of human being. Thus role of both customized Nutrition & generalized Diet guideline from experts of Nutrition & Dietetics fraternity are need of the hour. In this context, IQAC, Asansol Girls' College is going to organize a Webinar titled 'Nutrition & Diet Perspective: COVID 19 Pandemic Scenario' to spread general awareness regarding the importance of Nutrition and Diet among the community.

It is our great privilege that we have amongst us two experienced person from the field of Nutrition & Dietetics, Prof. Debidas Ghosh, Professor, Dept of Bio Medical Laboratory Science & Management with Clinical Nutrition, Vidyasager University and Ms. Ipsita Chakraborty, RD, HOD, Dietetics, Calcutta Medical Research Institute, Kolkata as honourable speakers for webinar.
