About The Webinar

Intellectual Property Rights (IPR) plays an Important role in providing a competitive edge to any institution. Recently IPR has become a central issue in the developed and developing countries. UGC, the nodal authority for determining and maintaining of standards of higher education in India has included IPR as a generic elective subject under CBCS system.

In addition, the National Institutional Ranking Framework (NIRF), a ranking system adopted by the Ministry of Human Resource Development (MHRD), ranks institutions of higher education in India. These rankings act as mechanism for the institutions to include promoting innovation, research and development while assessing their performance beyond academics. This webinar is an initiative to spread IPR awareness within institutions of higher education.

IQAC Coordinator
