Bardhaman (WB) PIN-713304

About the Webinar:

World Health Organisation (WHO) announced COVID-19 as a pandemic in March 2020. Amidst unprecedented global health and economic crisis, the powers of the government irrespective of developed or developing countries being tested to preserve the health and livelihood at all costs. In order to balance health and economy, the rate of fatalities increasing gradually soon after the initiation of 'UNLOCK 1.0'. Insufficiency of the authentic study related to the virus has opened up space for new infodemic concern related to immune boosters, personal health & hygiene. Social and conventional media are flooded with new information putting people in a state of confusion and anxiety.

In this context real heroes the true sense of frontline warriors of this war; our doctors, how they have conceived this whole scenario? What could be a possible way to tackle or coping with this disease? And essentially what could be the roles and responsibilities of all of us amidst the 'NEW NORMAL' wave? Questions need to ponder with the help of specialist doctors in different branches of Medical Sciences. So out of a sense of social responsibility, Asansol Girls' College, a premier institute in the coal belt area, is going to organise a very interesting Webinar in this current scenario titled 'COVID-19: Defeat the Myths, Let the Doctors Speak’.
